Planning Council activities also include two WV Mental Health Planning Council Plus meetings, in which representatives from all constituencies participated. Planning meetings were held throughout the year which helped in the development of the Block Grant Application. Representatives on children's, adult's and people concerned with co-occurring disorders met throughout the winter to identify issues and develop strategies for addressing the issues. The planning meetings were sponsored by the Bureau for Behavioral Health. Data collection is contracted with Marshall University for children's programming.
